General Information

The UMass Bike Racing Club is proud to present the *UMBRC Fall Season Opener* which will be held on the 12th and 13th of September in the great year of 2009.

Saturday, September 12th

XC and Super D will take place on Saturday. The XC course will be held in a network of trails called Crosstown which are located about 3 miles from Mt. Snow. These beautiful trails wind their way around the forest and Mt. Snow's golf course. A course lap is 8 miles in length and will take approximately 30 minutes to complete. The Super-D course is the same course Mt. Snow has used for years. It consists of a little more gravity than XC but is most definitely not a DH course. Expect a course that makes one pedal and kiss their rear tire with their butt all in one.

A banquet will conclude the evening at the Hermitage Inn. Please join us for some delicious food that was prepared with love from a place which helped make this event happen. Stuffing you face with food and sophisticated bike talk...I cannot see how this could get any better. Email us with a headcount if your team plans on attending.

Sunday, September 13th

Sunday will consist of STXC and DH. STXC will also be held at Crosstown, the same network of trails XC is run on, but will weave its way through faster trails that present more opportunities to pass. Fast she will be. DH is going to be a blast. Expect some steep, root smeared sections and a rock highway - a DH'ers dream.
