Course Description

The circuit race is a 9.0 mile loop through Westminster's rolling hills. Don't let the relative lack of elevation change fool you. This course was voted the "Most Soul Crushing Road Race" in 2009 for a small series of steep hills and its uphill, but fast finish.

The course will be open to traffic except for Dawley Rd., leading past the start/finish, but will have marshals at all intersections. A wheels-in, wheels-out support vehicle will be available for the A and B fields. A feed zone will be located at the start/finish.

All USAC rules apply. The yellow line rule will be strictly enforced for safety. USAC permit #2011-994.
